MANAGEMENT DISCUSSION AND ANALYSIS REPORT

(a) Industry Structure and Developments

During the financial year under review the Government took several measures to strengthen the financial service sector which includes the New Bankruptcy law, Jan Dhan campaign for financial inclusion, liberalization of Foreign Direct Investment, demonetization scheme etc. The financial sector has been diversified comprises of Commercial banks, Non-Banking Financial Companies, Co-operatives, Pension Funds, Insurance Companies, Mutual Funds and others.

NBFCs have been actively fuelling the growth of the economy – especially the infrastructure part of the economy and have been supplementing the Banking system effectively and thus enhancing competition and diversification in the financial sector. In Indian economy the contribution of NBFC sector is expected to reach upto 17 % by FY2019, compared to 13.1% at the end of the FY2015. Until some years ago, NBFCs were a small part of the financial services business with a small resource base. Today, the equity of leading NBFCs is comparable with or larger than many mid-sized banks. The combined market capitalisation of the top 10 NBFCs is now twice that of mid and small-sized public sector banks.

The Indian economy has undergone a drastic change due to demonization, upcoming GST (Goods and Service Tax), and it will play a vital role towards the growth of NBFCs segment and will open new era in field of Investment, Infrastructure, transport, information technology, employment generation, wealth creation opportunities, and financial support for economically weaker sections of the economy and also make a huge contribution to state exchequer.

Your Company hopes to explore the opportunities thrown up by the economy.

(b) Economy Overview

The Indian economy has emerged as a bright spot in the world economy, becoming one of the fastest growing large economies in the world. Releasing the latest survey, FICCI said there has been a “marginal improvement” in growth estimate for 2016-17 as against the previous round and “this comes at the back of better performance of the agriculture and industry sector”. India’s economy is likely to expand 7.8 per cent during the current financial year. Real GDP growth expected at 6.5 per cent in 2016-17. The growth in Gross Value Addition was 7.0 per cent in 2016-17

The Survey forecasts a growth rate of 6.75 to 7.5 per cent for FY18, as compared to the expected growth rate of 6.5 per cent in FY17. Over the medium run, the implementation of the Goods and Services Tax (GST), follow-up to demonetization, and enacting other structural reforms should take the economy towards its potential real GDP growth of 8 per cent to 10 per cent.

Recent deregulation measures and efforts to improve the ease of doing business have boosted foreign investment. Investment is still held back by the relatively high corporate income tax rates, a slow land acquisition process, regulations which remain stringent in some areas, weak corporate balance sheets, high NPA in loans which weigh on banks’ lending, and infrastructure bottlenecks.

(c) Opportunities And Threats

The NBFC Industry holds immense potential and the Government of India’s increased

focus towards financial Inclusion has created various opportunities for existing NBFCs to leverage on their established customer base in rural areas. The recent initiatives by the Government of India to create Infrastructure for NBFC, to provide banking license for NBFCs, Providing of benefits to large NBFCs, Jan DhanYojana, Revision of FDI norms in the automatic route. The facility of Digital lockers is a positive signal ahead. The said opportunities have made the Industry highly competitive with the emergence of new category of systematically important NBFCs, along with existing local and Multinational players leading to tough competition within the industry.

For supporting the growth of NBFCs includes better product lines, wider and effective reach, quick turnaround time, strong risk management capabilities and better understanding of customer segment, The Young generation of India is rapidly adopting Technology to interact and to transact with the world, new Technologies such as cloud and analytics are gaining importance. This all would provide a huge opportunity to nimble and innovative players in the financial sector to use technology to strengthen their business. Technology can be used to reach the customers in a cost effective manner and to enhance customer experience through faster turnaround time, wider Product offerings and better risk control and pricing.

The initiative taken by the Government of India will help to achieve the long-term growth and India growth story is intact which will create a way for diversification in financial services in which your Company operates. We see immense opportunities coming our way in FY18 and beyond as under:

- India is already recording the fastest rate of growth within the large economies in the world and various projections for FY18 by the World Bank or IMF etc., indicate that India will continue to

occupy the top position. With this, we see large opportunities for us to grow various diversified businesses in financial sector.

- The recent Government initiatives in respect of Digital India will also open up access to a wider way leading to a change in the manner of financial services rendered by the Company.
- Headed by the policy of liberalisation and forward-looking regulatory changes, moving the growth chart of the markets upwards will make available wider opportunities for providers of financial services.

The Management may face following threats for growth of the Company:

- a. Slow recovery of macro economy, domestically as well as globally, can delay the return of growth.
- b. Inability of Government to push the major economic reforms and fiscal policy attributing the unnecessary delay in the growth of the Company.
- c. Accelerating the interest cost and inflation is big threat to the enhancement growth of the Company. Challenge to maintain bilateral relation with the neighboring countries which may create disturbance in International Trade.

(d) Segment-wise performance

The Company is into single reportable segment only.

(e) Outlook

The role of NBFCs has become increasingly important from both the macroeconomic perspective and the structure of the Indian financial system. Over a period of time, one has to accept; that it is only those which are big enough and serious about being in the finance business will and must grow. To survive and constantly grow, NBFCs have to

focus on their core strengths while improving on weaknesses. They have to constantly search for new products and services in order to remain competitive. The coming years will be testing ground for the NBFCs and only those who will face the challenge and prove themselves will survive in the long run. Since our company perform in investment sector in capital market and considering the high growth in recent capital market, the outlook of the business seems positive.

(f) Risks and Concerns

The Board of Directors of the Company oversees the risk management process which includes the risk assessment and procuring the measures to curb the risk. The Board of Directors are responsible for implementation of risk measures. They ensure that the both external risk and internal risk are involved in the business of the Company External risk due to interest rate fluctuation, slowdown in economic growth rate, political instability, market volatility, etc. Internal risk is associated with your Company's business which includes deployment of funds in specific projects, diversification into other business operations, managing effective growth rate, volatility in interest rate, changes in compliance norms and regulations, contingent liabilities and other legal proceedings. The Board of your Company ensure that they regularly assessed at a periodic interlude and proper vigilance is placed. Credit risk is considered to be major risk being faced by NBFCs. In your Company the credit risk is minimum, as major investments are made in Company's group companies. Your Company has evolved various policies and systems for credit risk to closely monitor the same. Your Company also follows provisioning norms of RBI.

(g) Internal Control System & their Adequacy

The Audit Committee of the Board of Directors of the Company closely monitors

the adequacy of the Internal Financial Control system in close co-ordination and support of the in-house Internal Audit Team who periodically submits its findings on the efficacy and adequacy of their internal control system, its compliance with the company's operating system and Accounting Standards and policies. Based on the report of the in-house Audit Team, their findings and submissions of the Audit Committee have elaborate discussions and do make recommendations to the senior management to undertake corrective measures wherever necessary to strengthen the control of the Company. The subject process of the Internal Financial Control is a continuous one and in due compliance with the provisions of the Companies Act, 2013. During the FY 2017 there had been no reportable weakness in the design or operation as observed.

(h) Governance requirements

The Compliance Officer ensures compliance with the SEBI Listing Regulations and provisions of the Companies Act, 2013. All NBFCs were required to comply with governance requirements, such as the Fair Practices Code (FPC).

(i) Discussion on financial performance with respect to Operational performance

The brief on Financial Performance of the Company is already provided in the Boards' Report of the Company.

(j) Acknowledgement

Annexure - B to the Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Himadri Credit & Finance Limited** ("the Company") as of 31st March 2017, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013,

to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in

accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any

evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1 Company Overview

Himadri Credit & Finance Limited ("the Company") is a Public Company with its shares listed at the Calcutta Stock Exchange Limited. It was incorporated on 7th April, 1994. The Company is a Non-Banking Financial Company holding a Certificate of Registration No.05.1996 from the Reserve Bank of India ("RBI") dated 2nd May, 1998. The Company is engaged in the business of investment and lending activities.

The address of registered office is 23A, Netaji Subhas Road, 8th Floor Kolkata-700 001.

2 Significant Accounting Policies

a Basis of preparation of financial statements

The financial statements are prepared in accordance with Generally Accepted Accounting Principles (Indian GAAP) under the historical cost convention on accrual basis and on principles of going concern. The accounting policies are consistently applied by the Company.

The financial statements are prepared to comply in all material respects with the accounting standards notified under section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014. Further, the Company follows the Reserve Bank of India (RBI) Directions issued for Non-Banking Financial Companies (NBFC).

b Current – Non-current classification

All assets and liabilities are classified into current and non-current.

b.1.Assets

An asset is classified as current when it satisfies any of the following criteria:

- i) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- ii) it is held primarily for the purpose of being traded;

- iii) it is expected to be realised within 12 months after the reporting date; or
- iv) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

b.2.Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is due to be settled within 12 months after the reporting date; or
- d) the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents.

c Use of estimates

The preparation of the financial statements requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of the financial statements and the reported amounts of revenues

Notes to financial statements for the year ended 31 March 2017 (Contd.)

and expenses during the reporting period. Differences between the actual results and estimates are recognised in the period in which the results are known / materialise.

d Property, plant and equipment and depreciation

i. Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate components of property, plant and equipment.

A fixed asset is eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

ii. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company. Ongoing repairs and maintenance are expensed as incurred.

iii. Depreciation and amortisation

Depreciation and amortisation for the year is recognised in the Statement of Profit and Loss.

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using straight line method over the useful lives of assets, at the rates and in the manner specified in Part C of Schedule II of the Act. The rates of depreciation as prescribed in Part C of Schedule II of the Act are considered as the minimum rates.

Depreciation methods, useful lives and residual values are reviewed at each financial year end and adjusted as appropriate.

e Investments

Long-term investments are carried at cost and provisions are made to recognize any decline, other than temporary, in carrying value of each investment. Current investments are carried at lower of cost and fair value.

f Revenue Recognition and Expenses

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

All the expenses are accounted for on accrual basis.

g Retirement Benefits

The undiscounted amount of short term employees benefits such as salaries, bonus and ex-gratia expected to be paid in exchange for the services rendered by the employees are recognised as an expense during the period when the employees render the services. Leave Encashment is accounted for based on estimates.

h Financial Derivatives and Commodity Hedging Transactions

There are no outstanding forward contracts as at the balance sheet date and therefore no

Notes to financial statements for the year ended 31 March 2017 (Contd.)

provision for losses on derivatives is required to be made by the Company.

i Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalised for the period until the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes substantial period of time to get ready for its intended use.

Other Borrowing costs are recognised as expense in the period in which they are incurred.

j Taxes on Income

Current tax is measured at the amount expected to be paid to the tax authorities, computed in accordance with the applicable tax rates and tax laws. In case of tax payable as per provisions of MAT under section 115JB of the Income Tax Act, 1961, deferred MAT Credit entitlement is separately recognized as an asset in the Balance Sheet. Deferred MAT credit entitlement is recognized and carried forward only if there is a reasonable certainty of it being set off against regular tax payable within the stipulated statutory period.

Deferred tax liabilities and assets are recognized at substantively enacted rates on timing difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax asset is recognized only to the extent there is reasonable certainty with respect to reversal of the same in future years as a matter of prudence.

k Earnings per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

l Provision, Contingent Liabilities and Contingent Assets

Provision involving substantial degree of estimation in measurements is recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources.

Contingent Liabilities are shown by way of notes to the Accounts in respect of obligations where, based on the evidence available, their existence at the Balance Sheet date is considered not probable.

A Contingent Asset is not recognized in the Accounts.

m Cash and cash equivalents

Cash and cash equivalents include cash and cash-on-deposit with banks. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

n Cash flow statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.
