Annexure IV of the Board's Report

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

(a) The COVID-19 pandemic and lockdown

We are amidst unprecedented times. The COVID-19 pandemic has spread across the world— leading to millions confirmed infections and deaths, enormous human suffering and a full stop on virtually all commercial and economic activities. Nobody really knows how long the pandemic will last and how, and what will be its final toll on lives and livelihood. With the impact of this pandemic still to play out, the scenario of eerily empty high streets, shut factories and stores, and literally millions being rendered unemployed together point to a single outcome — extreme stress for the global economy of the kind not seen since the Great Depression. The outbreak of the COVID-19 pandemic in January, 2020 brought the global economy to almost a standstill, with a high possibility of slipping into a recession. Several industries starting with travel, tourism and hospitality were immediately hit, with manufacturing and services following soon afterwards.

In India too, which implemented a lockdown since 25 March 2020, the pandemic has created shocks ripping through society and the world of business. The picture of millions of unemployed daily wage workers and their families trying to trudge back to their villages hundreds of kilometres away; shut factories and stores; empty construction sites; and a nation being deprived of its natural economic vigour are vignettes of this scourge. The exit path from such a massive lockdown will be precarious with uneasy consumers, tricky health protocols and an irregular, downbeat business rhythm that will inhibit efficiency. The lockdown has resulted in a liquidity crunch, followed by a labor shortage.

(b) Industry Structure and Development

Non-Banking Financial Companies (“NBFCs”) have played an important role in the Indian financial system by complementing and competing with banks and by bringing in efficiency and diversity into financial intermediation. NBFCs have evolved considerably in terms of operations, heterogeneity, asset quality, profitability and regulatory architecture. NBFCs play an important role in promoting inclusive growth in the country by catering to the diverse financial needs of the customers. NBFCs often take a lead role in providing

innovative financial services to Micro, Small and Medium Enterprises (MSMEs) most suitable to their business requirements. NBFCs play a critical role in participating in the development of the economy by providing a fillip to transportation, employment generation, wealth creation, credit in rural segments and provide the much needed credit support to new customer segments. NBFCs have been significant contributors to the growth of the economy over the last few years and have continued to provide credit to market segments neglected by banks or when banks were unable to provide credit, given their own constraints. The NBFC sector, especially the systemically important NBFCs, is well regulated by the RBI. The prudential norms on the assets side, mirror those applicable to banks. However, on the resource raising side, there is a clear difference between banks and NBFCs, as the former have access to savings and current accounts. Further, even within the sector, some NBFCs are advantaged as they have access to public deposits, while others do not.

(c) Economy Overview

The Indian economy contracted by 8.0% in FY 2020-21 as against 4.0% growth recorded in FY 2019-20, marking a recession for the first time since 1980 as per the IMF World Economic Outlook in April 2021. Overall economic slowdown, led by the COVID-19 onset followed by stringent lockdowns severely impacted economic activity, bringing manufacturing and trading activities to a halt. Prolonged lockdown exacerbated existing vulnerabilities of the country including the weakened financial sector, private investments, and consumption demand.

The Government announced a special comprehensive package of Rs 20 trillion, equivalent to 10% of India's GDP under the 'Self-Reliant India' movement to revive the country's economic activity. To promote greater participation by FPIs (Foreign Portfolio Investment), the Government proposes to increase the investment limit for FPI to 15% (currently 9%) of the outstanding stock of corporate bonds. The Government also offered certain specified categories of investment in Government securities to be fully opened for NR (Non-Resident) investors.

Key policy announcements of the Union Budget 2020-21 include:

- A new Debt-ETF (Exchange Traded Fund) consisting primarily of Government securities to be floated, given its recent experience of floating debt-based ETF.
- It proposed to exempt the stamp duty chargeable in respect of the instruments of transaction in stock exchanges and depositories established in any IFSC. This amendment is proposed to attract foreign investors to invest in Indian companies through IFSC and to provide an operational tool to the Central Government, including SEBI and RBI, for effective implementation. The amendment shall be effective from April 1, 2020.
- Liquidity measures to banking and financial institutions and micro, small, and medium enterprises (MSMEs) to boost credit growth.
- To improve overall transport infrastructure such as railways, inland waterways, roads, highways and airports and provide an impetus to connectivity while bridging the gap between remote and urban areas.
- Collateral-free loan for businesses.

As per the FY 2020-21 Budget, fiscal deficit is expected to be 3.8% of GDP in FY 2019-20 and 3.5% in FY 2020-21. This is higher than the 3.3% and 3% envisaged for FY 2019-20 and FY 2020-21, respectively, in the FY 2020-21 Budget.

The Reserve Bank of India (RBI) continued with the accommodative monetary stance by bringing the key repo rate and reverse repo rate to 4% and 3.35% respectively to provide monetary stimulus and trigger economic growth back to the earlier trajectory.

The fiscal and monetary stimulus provided by the Government and RBI would assist greatly in the recovery of the economy from the challenges posed in early FY 2020-21. The Government's thrust on reviving the manufacturing and infrastructure sector, and the country's increasing prominence in the global supply chain will augur well for the Company. Further, the roll-out of the vaccination drive has commenced in India. However, the second wave of COVID-19 in April 2021 is seen as posing risks to economic recovery, with Care Ratings revising its forecast for GDP growth to 10.2% in FY 2021-22 from an earlier projection of 10.7-10.9%.

(d) Outlook

Despite a softer growth, the Indian economy remains one of the fastest growing economies in the world. The effects of external shocks such as rising global volatility, largely from financial volatility, externs from trade disputes, and investment rerouting was contained in part by India's strong macroeconomic fundamentals. The policy changes including amendments to the policy related to insolvency and bankruptcy, bank recapitalisation, and foreign direct investment further helped in coping with the de-growth. The growth trajectory is expected to resume with public policy support and private participation. Reform measures have been made by RBI to ease out liquidity in the markets and to encourage credit inflows via NBFC, HFC, MFIs. The Company during the financial year under review has made substantial investments in people, processes and technology and continues to focus on delivering steady performance. It is cognisant of the changes in the capital market and brokerage segment and well prepared to overcome challenges and sustain performance.

The COVID-19 pandemic has worsened the troubles and concerns of NBFCs. It has heightened the challenges pertaining to liquidity crunch. Under such circumstances, the Government and the RBI's support brought in some much-needed relief. The unprecedented liquidity crunch, in the last two years, has introduced consolidation in the financial services industry. Today, as the economy gradually moves towards a 'V' shaped recovery, a robust credit demand, especially for MSME and affordable housing, is being anticipated.

Having said this, the outlook for the coming year is expected to be extremely demanding. In the current situation, lending businesses face four daunting challenges of (i) disruption in business acquisition, (ii) providing customers adequate relief on their debt servicing obligations, (iii) dealing with a weakened customer service and debt recovery infrastructure, and (iv) continuing to service their own debt. To overcome the COVID-19 crisis, Governments across the world will look to the financial sector to help revive their economies. Sharp decline in government revenue receipts due to the extended lockdown and growth slowdown coupled with rising need for fiscal support will throw a spanner in the works of both Union and State Government finances.

The economy slowly graduated out of the contraction zone from a dip of 23.90% in June 2020 to a positive

0.40% in December 2020 (Source: MOSPI). With strong prospects of robust growth gaining grounds in consumption and investment, along with a lower base effect, GDP is estimated to grow at 11% in FY 2021-22 (Source: Economic Survey 2020-21)

The combined fiscal deficit of the Union and State Governments may reach 12% of GDP in FY21. This can raise the risks of a subsequent ratings outlook downgrade, given the mix of low growth and rising deficit.

(e) Opportunities and Threats

Opportunities:

To overcome the COVID-19 crisis, Governments across the world will look to the financial sector to help revive their economies. The NBFCs can capitalise on the opportunities that will emerge in what will possibly be a totally new business. Business opportunities for finance companies are enormous as the new areas and segments are being explored. A larger segment of customers remain un-served by Banks and large sized Finance Companies. Your Company on its part is also well poised to seize new opportunities as they come. A rural middle income boom has led to rise in rural incomes. This has been fuelled by increased support prices and welfare schemes initiated by the Government. Per capita Gross Domestic Product has grown faster in India's rural areas than in its urban centers. New opportunities like home equity, personal finance, and a foray into factoring and bill payment for the rural hard-to-reach customer may take the Company to new scales of success.

Threats:

Phasing out of lockdown/social distancing measures at a slower pace coupled with relatively tepid policy response could result in deeper recession in FY22 as compared to all 'recessions' India has ever experienced. Such deep recession will increase the perception of credit risk and the consequent risk aversion could clog the credit channels. Rating agencies expect microfinance, unsecured loans and MSME borrowers (including the loans against property segment) will continue to be severely impacted for a prolonged period due to weak credit profile of borrowers amid a gradual economic recovery.

The major threat being faced by finance companies are regulatory changes, interest rates hiked by RBI, high inflation etc. The Company is also facing stiff competition from banks / financial institutions due

to their ability to raise low cost funds which enables them to provide funds at much cheaper rate. Higher cost of funds might lead to reduced bottom line for the Company. Also, a lesser interest spread, or higher cost of lending might lead to customers turning away to cheaper source of funds. Asset quality deterioration may not only wipe the profits out of the Company but eat into its net worth. The Company must ensure it maintains minimal delinquency levels.

(f) Segment-wise performance

The Company is into single reportable segment only.

(g) Risks and Concerns

As a NBFC, your Company's growth and profitability are dependent on the functioning of Capital Markets. The Company is exposed to several market risks like credit risk, liquidity risk and interest rate risk. The volatility of the capital markets in which your Company operates is also a major cause of concern to the Company. Risk is managed by using a set of credit norms and policies, as approved by the Board. The Board of Directors of the Company oversees the risk management process which includes the risk assessment and procuring the measures to curb the risk. The Board of Directors are responsible for implementation of risk measures. They ensure that the both external risk and internal risk are involved in the business of the Company External risk due to interest rate fluctuation, slowdown in economic growth rate, political instability, market volatility, etc. Internal risk is associated with your Company's business which includes deployment of funds in specific projects, diversification into other business operations, managing effective growth rate, volatility in interest rate, changes in compliance norms and regulations, contingent liabilities and other legal proceedings. The Board of your Company ensure that they regularly assessed at a periodic interlude and proper vigilance is placed. Credit risk is considered to be major risk being faced by NBFCs. In your Company the credit risk is minimum, as major investments are made in Company's group companies. Your Company has evolved various policies and systems for credit risk to closely monitor the same. Your Company also follows provisioning norms of RBI.

(h) Internal Control System & their Adequacy

The Audit Committee of the Board of Directors of the Company closely monitors the adequacy of the Internal Financial Control system in close co-ordination and support of the in-house Internal Audit Team who periodically submits its findings on the efficacy

and adequacy of their internal control system, its compliance with the company's operating system and Accounting Standards and policies. Based on the report of the in-house Audit Team, their findings and submissions of the Audit Committee have elaborate discussions and do make recommendations to the senior management to undertake corrective measures wherever necessary to strengthen the control of the Company. The subject process of the Internal Financial Control is a continuous one and in due compliance with the provisions of the Companies Act, 2013. During the FY 2020-21 there had been no reportable weakness in the design or operation as observed.

(i) Governance requirements

The Compliance Officer ensures compliance with the SEBI Listing Regulations and provisions of the Companies Act, 2013. All NBFCs were required to comply with governance requirements, such as the Fair Practices Code (FPC).

(j) Discussion on financial performance with respect to Operational performance

The brief on Financial Performance of the Company is already provided in the Boards' Report of the Company.

(k) Acknowledgement

Your directors take this opportunity to place on record their appreciation to all employees for their hard work, spirited efforts, dedication and loyalty to the Company which has helped the Company maintain its growth. The Directors also wish to place on record their appreciation for the support extended by the Reserve Bank of India, other regulatory and government bodies, Company's auditors, customers, bankers, promoters and shareholders.

CAUTIONARY STATEMENT

The investors are hereby informed that statements in Board's Report and Management Discussion and Analysis describing the objectives, projections, estimates, and expectations of the Company which may be of forward looking statement, within the meaning of applicable securities laws and regulations. The actual results could differ materially from those expressed or implied. The factors that could affect the Company's performance are the economic and other factors that affect the demand – supply balance in the domestic market as well as in the international markets, changes in government regulations, tax laws and other statutes and host of other incidental implications.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF HIMADRI CREDIT & FINANCE LIMITED

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of **Himadri Credit & Finance Limited** ("the Company"), which comprise the Balance Sheet as at 31 March 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2021, and its profit, total comprehensive income, its cash flows and the statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under Section 143(10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We

are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

Key Audit Matters	How our audit addressed the key audit matter
(a) Classification and measurement of Financial assets - Business model assessment	
<p>Ind AS 109, Financial Instruments, contains three principal measurement categories for financial assets i.e.:</p> <ul style="list-style-type: none"> • Amortised cost; • Fair Value through Other Comprehensive Income ('FVTOCI'); and • Fair Value through Profit and Loss ('FVTPL'). <p>A financial asset is classified into a measurement category at inception and is reclassified only in rare circumstances.</p>	<p>Our key audit procedures included:</p> <p>Design / controls</p> <ul style="list-style-type: none"> • Assessed the design, implementation and operating effectiveness of key internal controls over management's intent of purchasing a financial asset and the approval mechanism for such stated intent and classification of such financial assets on the basis of management's intent (business model).

<p>The assessment as to how an asset should be classified is made basis both the entity's business model for managing the financial asset and the contractual cash flow characteristics of the financial asset. The term 'business model' refers to the way in which the Company manages its financial assets to generate cash flows. That is, the Company's business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets or both.</p> <p>Amortised cost classification and measurement category is met if the financial asset is held within a business model whose objective is to hold financial assets to collect contractual cash flows.</p> <p>FVTOCI classification and measurement category is met if the financial asset is held in a business model in which assets are managed both to collect contractual cash flows and for sale. Such financial assets are subsequently measured at fair value, with changes in fair value recognized in other comprehensive income.</p> <p>FVTPL classification and measurement category is met if the financial asset does not meet the criteria for classification and measurement at amortised cost or at FVTOCI. Such financial assets are subsequently measured at fair value, with changes in fair value recognized in profit or loss.</p> <p>We identified business model assessment as a key audit matter because of the management judgement involved in determining the intent for purchasing and holding a financial asset which could lead to different classification and measurement outcomes of the financial assets and its significance to the financial statements of the Company.</p>	<ul style="list-style-type: none"> • For financial assets classified at amortised cost, we tested controls over the classification of such assets and subsequent measurement of assets at amortised cost. Further, we tested key internal controls over monitoring of such financial assets to check whether there have been any subsequent sales of financial assets classified at amortised cost. <p>Substantive tests</p> <ul style="list-style-type: none"> • Test of details over of classification and measurement of financial assets in accordance with management's intent (business model). • We reviewed the financial assets to test whether their classification as at the balance sheet date is in accordance with management's intent. • We reviewed the financial assets sold during the year to check whether there have been any sales of financial assets classified at amortised cost. <p>We have also checked that there have been no reclassifications of assets in the current period.</p>
<p>(b) Valuation of investment securities</p>	
<p>The Company's investment portfolio makes up a significant amount of the Company's statement of financial position and is considered to be the key driver of the Company's performance. The Company's investment portfolio is comprised of both quoted and unquoted investments.</p> <p>Investments are measured at fair value, which is established in accordance with guidance set out in the applicable accounting framework adopted by the Company. We do not consider these investments to be at high risk of significant misstatement, these investments are valued using non-complex models. However, due to their materiality in the context of the financial statements as a whole, they are considered to be of most significance in the audit of the financial statements.</p>	<p>Our audit procedures over the valuation of the Company's investment portfolio included but are not limited to obtaining and documenting our understanding of the valuation process and performing an assessment of the levelling classification as per Ind AS.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Ind AS Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, the statement of changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) and accounting principles generally accepted in India, specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of Ind AS Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing (SAs) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of the auditor's responsibilities for the audit of the financial statements is included in "Annexure A". This description forms part of our auditor's report.

Report on Other Legal and Regulatory Requirements

1. As required by section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

- d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
- e. On the basis of the written representations received from the directors as on 31 March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in **"Annexure B"**. Our audit expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.
- g. With respect to other matters to be included in the Auditor's Report in accordance with section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, no remuneration has been paid by the Company to its directors during the year.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanation given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. Refer Note 28 to the financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the **"Annexure C"**, a statement on the matters specified in the paragraph 3 and 4 of the Order.

Re : Himadri Credit & Finance Limited

Annexure 'A' to the Independent Auditors' Report for the year ended 31 March 2021 (Referred to in our report of even date)

Responsibilities for the Audit of Financial Statement

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events

in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Re : Himadri Credit & Finance Limited Annexure 'B' to the Independent Auditors' Report for the year ended 31 March 2021 (Referred to in our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls with reference to financial statements of **Himadri Credit & Finance Limited** ("the Company") as of 31st March 2021, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31st March 2021, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to

financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that:

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;

- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material

misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Re : Himadri Credit & Finance Limited

Annexure 'C' to the Independent Auditors' Report for the year ended 31 March 2021 (Referred to in our report of even date)

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) As explained to us, fixed assets have been physically verified by the management at regular intervals during the year and no material discrepancies were noticed on such verification. In our opinion, the periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its fixed assets.
- (c) The Company does not hold any immovable properties during the year, hence this clause is not applicable.
- ii. The Company does not have any inventory and hence reporting under clause 3(ii) of the order is not applicable.
- iii. The Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Act. Hence, the requirement of 3(iii) of the Order is not applicable to the Company.
- iv. The Company is a registered non-banking finance company to which the provisions of Section 185 are not applicable. The Company has complied with the provisions of Section 186 of the Companies Act, 2013 to the extent applicable.
- v. The Company has not accepted any public deposits under Sections 73 to 76 of the Companies Act, 2013 and the rules framed thereunder. Accordingly, clause 3(v) of the Order is not applicable to the Company.
- vi. The Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act, for any of the services rendered by the Company.
- vii. Based on our examination of the records of the Company, in respect of statutory dues:
 - (a) Amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including income tax and other material statutory dues have been regularly deposited by the Company with the appropriate authorities. As explained to us there are no undisputed amounts payable as at 31 March, 2021 for a period of more than six months from the date they became payable.
 - (b) There are no dues of income tax which have not been deposited with the appropriate authorities on account of any disputes, except as mentioned below:

Name of the statute	Nature of the dues	Amount (Rs. thousands)	Amount paid (Rs. thousands)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Income Tax	886	313	A.Y. 2012-13 to 2017-18	Commissioner of Income Tax (Appeals)

- viii. The Company has not taken any financial assistance from any bank or financial institution or government or debenture holders. Thus, clause 3(viii) of the Order is not applicable to the Company.
- ix. The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Accordingly, provisions of clause 3(ix) of the Order is not applicable to the Company.
- x. During the course of examination of the books, no fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
- xi. On the basis of our examination of the records of the Company, the Company has not paid/ provided for managerial remuneration during the year under report. Hence, clause 3(xi) of the Order is not applicable.
- xii. The Company is not a Nidhi Company as per Section 406 of the Companies Act 2013. Accordingly, clause 3(xii) of the Order is not applicable to the Company.
- xiii. Based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act, where applicable, and details of such transactions have been disclosed in the financial statements as required by the applicable Indian accounting standards.
- xiv. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Hence, clause 3 (xiv) of the Order is not applicable.
- xv. In our opinion, during the year the Company has not entered into non-cash transactions with directors or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.
- xvi. The Company is required to and has been registered under Section 45-IA of the Reserve Bank of India Act 1934.

Notes to financial statements for the year ended 31 March 2021

1. Company overview

Himadri Credit & Finance Limited ("the Company") is a Public Company with its shares listed at the Calcutta Stock Exchange Limited. It was incorporated on 7th April, 1994. The Company is a Non-Banking Financial Company holding a Certificate of Registration No. 05. 1996 from the Reserve Bank of India ("RBI") dated 2nd May, 1998. The Company is engaged in the business of investment and lending activities.

The address of registered office is 23A, Netaji Subhas Road, 8th Floor Kolkata-700001.

The financial statements were approved by the Board of Directors at its meeting held on 28 June 2021.

2. Basis of preparation of financial statements

a) Statement of compliance

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('Act') (to the extent notified). The Ind AS are prescribed under section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The Company has adopted all the Ind AS standards and adoption was carried out in accordance with Ind AS 101 First time adoption of Indian Accounting Standards. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP) which was the previous GAAP.

b) Presentation of financial statements

The Balance Sheet, the Statement of Changes in Equity and the Statement of Profit and Loss are presented in the format prescribed under Division III of Schedule III of the Act, as amended from time to time, for Non-Banking Financial Companies ('NBFCs') that are required to comply with Ind-AS. The Statement of Cash Flows has been presented as per the requirements of Ind - AS 7 Statement of Cash Flows.

c) Functional and presentation currency

The financial statements are presented in Indian Rupees ('₹') which is Company's presentation currency. The functional currency of the Company

is also Rupees.

d) Use of judgments and estimates

The preparation of the financial statements in conformity with Ind AS requires management to make judgments, estimates and appropriate assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities) and disclosures as at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from these estimates. Accounting estimates and underlying assumptions are reviewed on an ongoing basis. Appropriate changes in estimates are recognised in the periods in which the management of the Company becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

3. Significant accounting policies

a) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Date of recognition

Financial assets and financial liabilities are recognised in the Company's balance sheet when the Company becomes a party to the contractual provisions of the instrument.

Initial measurement

Recognised financial instruments are initially measured at transaction price, which equates fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in the statement of profit and loss.

Subsequent measurement

i. Financial assets

Based on the business model, the contractual characteristics of the financial assets and specific elections where appropriate, the Company classifies

Notes to financial statements for the year ended 31 March 2021 (Contd.)

and measures financial assets in the following categories:

- Financial assets at amortised cost
- Financial assets at fair value through other comprehensive income (FVTOCI)
- Financial assets at fair value through profit or loss (FVTPL)

(a) Financial assets at amortised cost

Financial assets are measured at amortised cost using the effective interest rate (EIR), if both the following conditions are met and is not designated at FVTPL:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

The EIR amortisation is included in finance income in the profit or loss. Interest income and impairment expenses are recognised in statement of profit and loss. Interest income from these financial assets is included in finance income using the EIR method. Any gain and loss on derecognition is also recognised in statement of profit and loss.

The EIR method is a method of calculating the amortised cost of a financial instrument and of allocating interest over the relevant period. The EIR is the rate that exactly discounts estimated future cash flows (including all fees paid or received that form an integral part of the EIR, transaction costs and other premiums or discounts) through the expected life of the instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

The Company records loans at amortised cost.

(b) Financial assets at FVTOCI

Financial assets that are held within a business model whose objective is both to collect the contractual cash flows and to sell the assets, ('Contractual cash flows of assets collected through hold and sell model') and contractual cash flows that are SPPI, are subsequently measured at FVTOCI. Movements in the carrying amount of such financial assets are recognised in Other Comprehensive Income ('OCI'),

except dividend income which is recognised in statement of profit and loss. Amounts recorded in OCI are not subsequently transferred to the statement of profit and loss. Equity instruments at FVTOCI are not subject to an impairment assessment.

(c) Financial assets at FVTPL

Financial assets which do not meet the criteria for categorisation as at amortised cost or as FVOCI, are measured at FVTPL. Subsequent changes in fair value are recognised in the statement of profit and loss. The Company records investments in equity instruments and mutual funds at FVTPL.

ii. Financial liabilities

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

For purposes of subsequent measurement, financial liabilities are classified in following categories:

- Financial liabilities through profit or loss (FVTPL)
- Financial liabilities at amortised cost

(a) Financial liabilities through FVTPL

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gains or losses on such instruments are recognised in the profit or loss.

(b) Financial liabilities at amortised cost

Interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Reclassification

The Company determines classification of financial assets and liabilities on initial recognition.

After initial recognition, no reclassification is made for financial assets which are categorised as equity instruments at FVTOCI and financial assets or liabilities that are specifically designated at FVTPL. For financial

Notes to financial statements for the year ended 31 March 2021 (Contd.)

assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be very infrequent. The management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest. Financial liabilities are not reclassified.

Derecognition

i. Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when:

- The contractual rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - the Company has transferred substantially all the risks and rewards of the asset, or
 - the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in OCI is recognised in statement of profit and loss.

ii. Financial liabilities and equity instruments

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

A financial instrument is an equity instrument rather than a financial liability, if, and only if, both conditions (a) and (b) below are met.

(a) The instrument includes no contractual obligation:

to deliver cash or another financial asset to another entity or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the issuer.

(b) If the instrument will or may be settled in the issuer's own equity instruments, it is:

a non-derivative that includes no contractual obligation for the issuer to deliver a variable number of its own equity instruments; or a derivative that will be settled only by the issuer exchanging a fixed amount of cash or another financial asset for a fixed number of its own equity instruments.

Impairment of financial assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an

Notes to financial statements for the year ended 31 March 2021 (Contd.)

amount equal to life time ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at life time ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in profit or loss.

Write offs

The gross carrying amount of a financial asset is written-off (either partially or in full) to the extent that there is no reasonable expectation of recovering the asset in its entirety or a portion thereof. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written-off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in statement of profit and loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

b) Cash and cash equivalents

Cash and cash equivalents includes cash at banks and on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

Statement of cash flows

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The

cash flows from operating, investing and financing activities of the Company are segregated.

c) Property, plant and equipment

Recognition and measurement

Tangible property, plant and equipment are stated at cost less accumulated depreciation and impairment, if any. The cost of property, plant and equipment comprise purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

Advances paid towards acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-financial assets and cost of assets not put to use before such date are disclosed under Capital work-in-progress.

Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company. Ongoing repairs and maintenance are expensed as incurred.

Depreciation

Depreciation for the year is recognised in the Statement of Profit and Loss.

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using straight line method over the useful lives of assets, at the rates and in the manner specified in Part C of Schedule II of the Act. The rates of depreciation as prescribed in Part C of Schedule II of the Act are considered as the minimum rates.

Depreciation methods, useful lives and residual values are reviewed at each financial year end and adjusted as appropriate.

d) Impairment of non-financial assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired due to events or changes in circumstances indicating that their carrying amounts may not be realised. If any such indication exists, the Company estimates the recoverable amount of the asset or the cash generating unit ('CGU'). If such recoverable amount of the asset or the recoverable amount of the CGU to which the asset belongs is less than its carrying amount, the carrying amount is reduced

Notes to financial statements for the year ended 31 March 2021 (Contd.)

to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the revised recoverable amount, subject to maximum of the depreciated historical cost.

e) Share capital

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

f) Dividend

Provision is made for the amount of any dividend declared on or before the end of the reporting period but not distributed at the end of the reporting period, being appropriately authorised and no longer at the discretion of the Company. The final dividend on shares is recorded as a liability on the date of approval by the shareholders, and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

g) Revenue recognition

Interest income

Interest income on a financial asset at amortised cost is recognised on a time proportion basis taking into account the amount outstanding and the effective interest rate ('EIR'). The EIR is the rate that exactly discounts estimated future cash flows of the financial asset through the expected life of the financial asset or, where appropriate, a shorter period, to the net carrying amount of the financial instrument. The internal rate of return on financial asset after netting off the fees received and cost incurred approximates the effective interest rate of return for the financial asset. The future cash flows are estimated taking into account all the contractual terms of the instrument. The interest income is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets (i.e. at the amortised cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired financial assets the interest income is calculated by applying the EIR to the amortised cost of the credit-impaired financial assets (i.e. the gross carrying amount less the allowance for ECLs).

Other financial charges

Cheque bouncing charges, late payment charges, prepayment charges and application money are recognised on a point-in-time basis, and are recorded when realised since the probability of collecting such monies is established when the customer pays.

Dividend Income

Dividend on equity shares, preference shares and on mutual fund units is recognised as income when the right to receive the dividend is established.

h) Borrowing costs

Borrowing costs are interest and other costs incurred by the Company in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of those tangible fixed assets which necessarily take a substantial period of time to get ready for their intended use are capitalised. Other borrowing costs are recognised as an expense at the effective interest rate and include exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs. Where there is an unrealised exchange loss which is treated as an adjustment to interest and subsequently there is a realised or unrealised gain in respect of the settlement or translation of the same borrowing, the gain to the extent of the loss previously recognised as an adjustment is recognised as an adjustment to interest.

i) Employee benefits

The undiscounted amount of short term employees benefits such as salaries, bonus and ex-gratia expected to be paid in exchange for the services rendered by the employees are recognised as an expense during the period when the employees render the services. Leave Encashment is accounted for based on estimates.

j) Provisions and Contingencies

A provision is recognised if, as a result of a past event, the Company has a present obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

Notes to financial statements for the year ended 31 March 2021 (Contd.)

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Provision for Standard Assets is made on the outstanding amount of Standard Assets for all types of lending, in accordance with the minimum provisioning requirements specified by the RBI.

In cases where the available information indicates that the loss on the contingency is reasonably possible but the amount of loss cannot be reasonably estimated, a disclosure is made in the financial statements. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that may arise from past events but probably will not require an outflow of resources to settle the obligation.

When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resource is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed in the financial statements.

k) Income tax

Tax expense recognised in Statement of Profit and Loss comprises the sum of deferred tax and current tax except to the extent that the tax relates to the items that are not recognised directly in Other Comprehensive Income (OCI) or directly in equity in which case the related tax is recognised either directly in OCI or equity accordingly.

Current tax

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income-tax Act. Current income tax relating to items recognised outside Statement of Profit and Loss is recognised either in OCI or in equity. The Company offsets current tax

assets and current tax liabilities when the legally enforceable right to offset exists and they are intended to be settled net or realised simultaneously.

Deferred tax

Deferred income taxes are calculated using the liability method. Deferred tax liabilities are generally recognised in full for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss, unused tax credits (MAT Credit entitlement) or deductible temporary difference will be utilised against future taxable income. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside Statement of Profit and Loss is recognised either in OCI or in equity.

The Company offsets deferred income tax assets and liabilities when the legally enforceable right to offset current tax assets and liabilities exists and they are intended to be settled or realised simultaneously.

l) Earnings per share

The Company reports basic and diluted earnings per equity share. Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

m) Segment reporting

The Company is mainly engaged in the investing and finance business and all other activities revolve around the main business of the Company. Further, all activities are conducted within India and as such there is no separate reportable segment, as per the Ind AS 108 - "Operating Segments" specified under Section 133 of the Act.

Notes to financial statements for the year ended 31 March 2021 (Contd.)

4. Critical accounting estimates and judgements

In the process of applying the Company's accounting policies, management has made the following estimates and judgements, which have a significant impact on the carrying amounts of assets and liabilities at each balance sheet date.

a) Fair value of financial instruments

A number of the Company's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. The Company has established control framework with respect to the measurement of fair values.

Depending on the inputs used for determining fair value, financial instruments valued at fair value has been categorized into a three-level hierarchy as presented below:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability falls into different level of hierarchy, then the fair value measurement is categorized in its entirety in the same level of fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

For the purposes of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

b) Expected credit loss

When determining whether the risk of default on a financial instrument has increased significantly since initial recognition, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's

historical experience and credit assessment and including forward looking information.

c) Effective interest rate

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected behavioural life of the financial asset to the gross carrying amount of the financial asset.

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges) as well expected changes to the base rate and other transaction costs and fees paid or received that are integral parts of the instrument.

d) Business model assessment

Classification and measurement of financial assets depends on the results of the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

e) Provisions and other contingent liabilities

When the Company can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Company records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed. Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

33.2 Fair value measurement

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchange in a current transaction between willing parties, other than in forced or liquidation sale.

The Company has established the following fair value hierarchy that categories the value into 3 levels. The inputs to valuation techniques used to measure fair value of financial instruments are:

Level 1: The hierarchy uses quoted (adjusted) price or NAV is measured at quoted price.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on company specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Notes to financial statements for the year ended 31 March 2021 (Contd.)

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

The management assessed that trade receivables, cash and cash equivalent, other bank balances, trade payable and other financial assets and liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

33.3 Financial risk management

Risk management framework

The Company's principal financial liabilities comprises of borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company operations. The Company's principal financial assets include loans, trade and other receivables and cash and cash equivalents that derive directly from its operations.

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimise potential adverse effects of market risk on its financial performance. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers. The Company's risk management assessment and policies and processes are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities.

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk.

The Company has exposure to the following risks arising from financial instruments:

- (i) Credit risk
- (ii) Liquidity risk
- (iii) Market risk

(i) Credit risk

Credit risk is the risk of financial loss of the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company receivables from customers. Credit arises when a customer or counterparty does not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities of lending and investing business.

The company has comprehensive and well-defined credit policies which encompass credit approval process for all businesses along with guidelines for mitigating the risks associated with them. The appraisal process includes detailed risk assessment of the borrowers, physical verifications and field visits. The company has a robust post sanction monitoring process to identify credit portfolio trends and early warning signals. This enables it to implement necessary changes to the credit policy, whenever the need arises.

For other financial assets and investments, the Company has an investment policy which allows the Company to invest only with counterparties having a good credit rating. The Company reviews the creditworthiness of these counterparties on an on-going basis. Counterparty limits maybe updated as and when required subject to approval of Board of Directors.

(ii) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Company's finance team is responsible for liquidity, funding as well as settlement management. In addition, Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows.

Notes to financial statements for the year ended 31 March 2021 (Contd.)

The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Contractual maturity profile

Particulars	As at 31 March 2021			As at 31 March 2020		
	< 1 year	1-5 years	> 5 years	< 1 year	1-5 years	> 5 years
Borrowings	1,37,175	-	-	2,32,581	-	-
Payables	230	-	-	123	-	-
Other financial liabilities	2,432	-	-	2,839	-	-
	1,39,837	-	-	2,35,543	-	-

(iii) Market risk

Market risk is the risk of loss of future earnings, fair value or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments, receivables, payables and borrowings.

(a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company exposure to the risk of changes in market interest rates related primarily to the Company's borrowing with floating interest rates. The Company constantly monitors the credit markets and rebalances its financing strategies to achieve an optimal maturity profile and financing cost. The Company presently have no financial instruments having variable market interest rates, and therefore the Company is not exposed to any interest rate risk.

Sensitivity analysis

Fixed rate instruments that are carried at amortised cost are not subject to interest rate risk for the purpose of sensitive analysis.

(b) Equity price risk

The Company's exposure to equity securities risk arises from investments held by the Company and classified in the Balance Sheet as fair value through OCI.

To manage its price risk arising from investments in equity securities, the Company diversifies its portfolio.

As regards investments in unlisted privately held companies, the fair valuations are largely dependent on the investee company's ability to achieve desired outcomes which measure the performance of the Company. Hence the key price risk emanates from performance shortfall due to industry risks, policy changes and liquidity risk given the lower exit probability.

(c) Currency risk

The Company does not have currency risks since it is not exposed to any foreign currency transaction.

34 Capital Management

The primary objective of the capital management policy is to ensure compliance with regulatory capital requirements. In line with this objective, the company ensures adequate capital at all times and manages its business in a way in which capital is protected, satisfactory business growth is ensured, cash flows are monitored, borrowing covenants are honoured and ratings are maintained.

Regulatory capital-related information is presented as part of the RBI mandated disclosures. The RBI norms require capital to be maintained at prescribed levels. In accordance with such norms, Tier I capital of the Group comprises of share capital and reserves, there is no Tier II capital in the Company. There were no changes in the capital management process during the periods presented.
